Ink type	Fast Dry Solvent	Size	220*130*45mm
Battery capacity	500mAH	Working temperature	5-35℃
Printing speed	30m/min	Working humidity	10%-80%

Slide and print

The integrated synchronization roller on the printer allows you to hold the printer and slide it straight across the surfaces, and the printout is still continuous and complete, no matter the speed.

Print any where

Can print on rough, curved and other uneven surfaces. Printable materials includes: paper, metal, plastic, glass, cartons, wooden boxes, fiberboards, craft bags etc.

Water resistance

The ink used for B10 is specially formulated solvent based ink and provides excellent water resistance.

Multi-Color option

Color options include Black, Cyan, Magenta, Yellow, Green, White and Invisible. Each printer can once have one ink cartridge for monochrome printing.
